Dr. Sonja GRUBISIC
COST-MOLIM STSM Coordinator

Subject: STSM, Prof. Liudmil Antonov

Dear Sonja,

I hereby express my support to the upcoming visit of Prof. Liudmil Antonov from the Bulgarian Academy of Sciences on January/February 2019. The purpose of this visit is to provide two-way transfer of knowledge between my group (expertise in computational chemistry) and Prof. Liudmil Antonov (expertise in experimental spectroscopy and tautomerism) in the field of solvent effect description in tautomeric systems, with special emphasis on Piroxicam in water.

Kind Regards,

Chiara Cappelli
