**SUBJECT** : Invitation letter for M.sc. Ayda BADRI

**To whom it may concern,**

As the member of the Department of Theoretical Chemistry at the Faculty of Chemistry of Adam Mickiewicz University in Poland, I'm pleased to confirm that Miss Ayda BADRI will be welcomed in our group for scientific collaboration from 01.10.2017 to 31.12.2017.

During her stay, she will be provided with sufficient supervision and research facilities for carrying out her project entitled " Spectroscopy of molecules trapped in CO matrix X-(CO )<sub>n</sub>.

Application: the CO<sub>2</sub>-CO van der Waals complex".

I'm very much looking forward to this collaboration which I expect to be of highest quality.

Yours sincerely,

Univ. prof. dr hab. Jan Makarewicz
