Bordeaux 29 of June 2016

Ms Daria Burdakova from the group of Pr Gunnar Nyman in Gothenburg (Sweden) is formally invited in Bordeaux for a period of six weeks starting on the 15th of September 2016 to work with me and Philippe Halvick in the theory group at Institut des Sciences Moléculaires. The collaborative STSM grant which will allow this stay in Bordeaux will be provided by the MOLIM COST network which includes both the Swedish and French research groups.
