Faculté des Sciences, Bâtiment 349
91405 Orsay Cedex
France

Object: Invitation letter for Emil Lund Klinting

As the head of the Laboratoire de Chimie Physique from the Université Paris-Sud, I support the MOLIM COST mobility application of Emil Lund Klinting. He will work under the supervision of Dr David Lauvergnat on a project within the framework of his PhD supervised by Professor Ove Christiansen.

During his one-month stay, he will be host of the theoretical chemistry group of the Laboratoire de Chimie Physique and he will have access to the facilities related to the project.

Sincerely,

Orsay, September 14, 2015

Dr Philippe Maître
Directeur de recherche CNRS
