

17 July 2017

To whom it may concern,

I would like to invite Raul Rodriguez-Segundo from the group of Dr Rita Prosimi at IFF-CSIC, Madrid to visit my group at Department of Physics and Astronomy, University College London, UK from 6th August 2017 to 26th August 2017. During this period he will learn to use the WAVR4 computer package to run quantum mechanical calculation on the nuclear motion of tetra-atomic halide-water clusters. The workplan describes an interesting project which will form the starting point for further work which will be performed in collaboration between the two groups.

Your sincerely,

A handwritten signature in black ink, which appears to read 'Jonathan Tennyson'. The signature is written in a cursive style with a long horizontal stroke across the top.

Jonathan Tennyson FRS
Massey Professor of Physics
